

READ THESE INSTRUCTIONS CAREFULLY BEFORE INSTALLING THIS FIXTURE.

This system is intended for installation in accordance with the National Electrical Code (NEC) and local code specifications. Failure to adhere to these codes and instructions may result in serious injury and/or damage to the fixture and will void the warranty. These instructions do not purport to cover all details or variations in equipment, nor to provide for every possible contingency related to installation, operation, maintenance, or mounting situation. If special problems occur that are not covered by these instructions, contact your distributor for assistance. Retain these instructions for future reference.

INSTALLATION

1. Thread arm onto chosen mounting accessory (ordered separately) and tighten locknut.
2. Wire fixture by following the instructions for the low voltage connector (included).
3. Loosen arm screw, tilt fixture to desired position, and re-tighten arm screw to lock in place.
4. Remove the two shroud screws and install the specified lamp. Replace shroud and screws.
5. Turn power on.
